WORK EXPERIENCE

Software Engineer
Technical Fingers

10/2019 - Present   *Kakkanad, Ernakulam*
Technical Fingers is a product development company.
Achievements/Tasks

- Completed a project on Loyalty Program Application - **Diplomat**. (This app contains multiple modules as Loyalty Points, Reports, Employees, Certificates & Bills, Business Cards, Web Showcase.)
- Worked on a Food Ordering and Delivery Application - **Diwan's Durbar** & **DD-Admin**.
- Completed a project on Board Game - **Pico**. (It's a online Multiplayer game build using the backend server as Firebase with match-making mechanism, this game contains lot of features such as online multiplayer mode, vs Computer , 2 Player Offline, Tournaments.)
- Completed a project on Puzzle Game - **Wordley & Waffle**. (It's an interesting offline word finding/matching game, the player has to guess the correct word and fill the grid with letters with the guessed word if the letters are in correct position of the word then the letters background turn to green. The player has to find the exact word like vise.)
